I am an adaptable and quick learner, eager to enhance my skills and contribute to creating exceptional web experiences. I am confident that my passion for web development, coupled with my technical skills and dedication, make me a valuable asset to any team.

EXPERIENCE

APPLIX INFOTECH

JavaScript & React js | 3 Month Internship

JULY 2024 – OCTOBER 2024

- Assisted the development team in developing projects with use of JavaScript and Reacts.
 - Implemented state management using Redux to efficiently manage the website data flow and improve user interactivity.
 - Analyze requirements and create detailed specifications for program development and partnering.
-

PROJECTS

MEGA MART

UI , Front-end | Swaminarayan mart

- This website is a shopping website in which I first designed the UI and used it for coding.
 - After using HTML5 and CSS, I ran it with JavaScript and added ReactJS to it, provided payment options.
 - store market and near buy options, and created a short delivery notice for the customer.
-
